Our Operations

Areas of Operation

Milton Keynes, Dunstable, Leighton Buzzard, Buckingham and surrounding areas. SJD work across the UK for volume commercial installations or for secondary sites.

Health & Safety

Health and safety is part of our culture and SJD has never had a reportable incident. There have never been any prosecutions made against the company.

Rialto Health & Safety Ltd is our external health and safety advisor. Our H&S Policy is available on request.

Equal Opportunities

SJD passionately believes the same opportunities should be available for all and operates on the basis of merit.

Our Equal Opportunities Policy is available on request.

Environmental

SJD is working on improving our environmental credentials in a manner suitable for a small

business, our fleet of vehicles is less than 2 years old and we recycle and reuse materials wherever possible.

Energy efficiency solutions and design form a key part of our service offerings. There have never been any prosecutions made against the company for breach of environmental legislation.

Our Environmental Policy is available on request.

Training

SJD are a government Trailblazer involved in establishing the new apprenticeship standard for the electrotechnical sector.

All our electricians are trained to Advanced Apprenticeship Level including NVQ Level 3 Electrotechnical Installation, BS7671:2008, Key Skills and AM2 skills test, plus our Management team is subject to ongoing professional training.

We are committed to investing in our employees' future and continuously improving our skills and services.
